A note From Charlie MacNeil

2023 VFSS Classic Cowboy/Cowgirl Faceoff

Greetings and salutations! Do we have any brave cowboys and cowgirls ready to embrace the greatest category in SASS? If you think you're up to the challenge of shooting in the Classic Cowboy/Classic Cowgirl Category and want to shoot with the cool kids, then here's what you'll need to know to shoot CC at this year's match:

1. All SASS rules regarding the Classic categories will apply, i.e., duelist style only, hammered double or 1887 shotgun, 73, 66 or 1860 Henry rifle, any SASS legal hogleg. All cartridge guns must be .40 caliber or larger. .36 or larger caliber cap and ball revolvers may also be used. If you want to shoot black powder in your cartridge guns because you think that it makes you even cooler than shooting Classic already does, feel free to do so; it's your choice! For further rules along these lines as well as clothing and accoutrement requirements see the SASS Handbook.
2. There will be no age-based divisions of the category. If you're shooting Classic, you're shooting against everybody who showed up to toss their hat in the ring, and that includes the ladies. I hope that this doesn't scare anybody off, 'cause I'd really like to see some of you fine ladies shooting CC.
3. There will be only one award in the Classic Category, period. There will be no "participation trophies". The award will go to the fastest Classic, whether it be Cowboy or Cowgirl. This is not a facetious declaration; there are some dang fast Classic Cowgirls out there, and one of them could be the overall champ!
